SUMMARY

Final year BSc IT student with knowledge of web development technologies including HTML, CSS, JavaScript, PHP, and MySQL. Developed a Car Rental Management System and currently improving full stack development skills. Looking for an opportunity to start my career as a web developer.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript
Backend: PHP
Database: MySQL
Concepts: CRUD Operations, Authentication System, Database Management
Tools & Concepts: VS Code, GitHub, Responsive Design, Basic Debugging

---

PROJECTS

Car Rental Management System

- Developed a web application using HTML, CSS, JavaScript, PHP, and MySQL
- Implemented features like user authentication, car listing, booking system, and admin panel
- Managed database for storing user details, car information, and booking data
- Integrated payment functionality to simulate real-world booking system

Cricket Snake and Ladder Game

- Developed an interactive browser-based game using HTML, CSS, and JavaScript
- Implemented dice roll logic, player movement, and win conditions
- Designed a cricket-themed board to enhance user engagement
- Utilized DOM manipulation for real-time game updates
- Live Demo: Click Here

Typing Practice Web Application

- Developed an interactive typing practice tool using HTML, CSS, and JavaScript
- Implemented real-time typing speed (WPM) and accuracy calculation
- Designed timer-based typing tests with dynamic word generation
- Improved user experience with responsive UI and instant feedback
- Live Demo: Click Here

EDUCATION

Bachelor of Science in Information Technology (BSc IT)
JSM College, Alibag
2025-26

STRENGTHS

- Quick learner and adaptable
- Strong interest in web development
- Problem-solving mindset
- Willingness to learn new technologies
